

How to Attach Diffuser to Ceiling Fixture

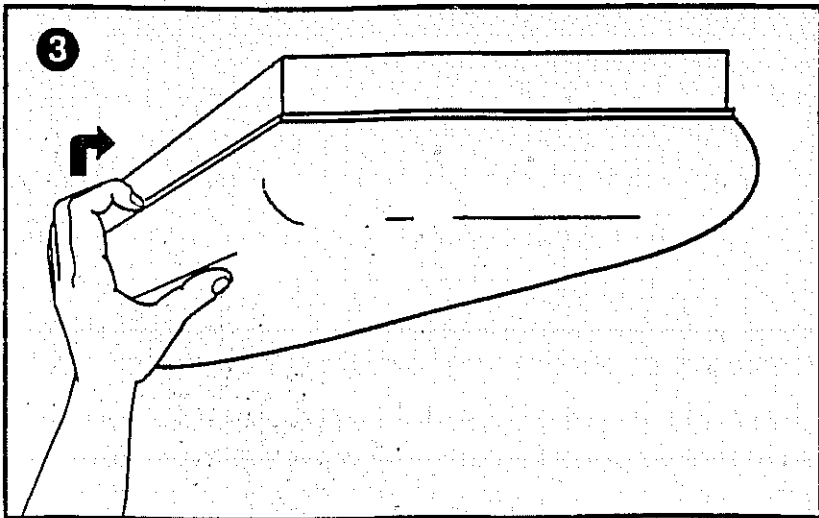

EASY INSTRUCTIONS

- 1** Lift one side of diffuser almost to ceiling.

Hook clips of one side over Fixture channel
(See Detail A)

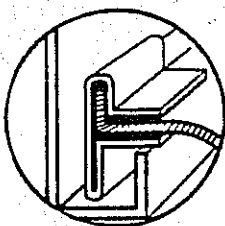

- 2** Lift other side of Diffuser over Fixture, by **pivoting** the Diffuser on clips in Fixture channel.

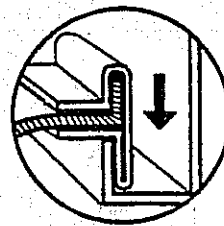

- 3** Shift Diffuser gently over opposite Fixture channel.

Engage clips on Fixture to secure opposite side.
(See Detail B)
